CAPTURE OR DEATH
FOR VILLA BANDITS

GENERAL FRED FUNSTON.

WIL PURSUE VILLA.

AMERICAN TROOPS ORDERED ACROSS MEXICAN BORDER

5000 MEN UNDER FUNSTON AND SCOTT

PRESIDENT'S ORDER, IN THE PRESENT FORM, DOES NOT MEAN ARMED INTERVENTION

"An armed force will be sent at once in pursuit of Villa, with the single purpose of capturing him and putting a stop to his forays."

—WHITE HOUSE STATEMENT

Washington, March 10.—(By Associated Press Dispatch) President Wilson today ordered American troops over the Mexican border, to capture or kill the Villa bandits who raided Columbus, New Mexico.

Major General Scott, Chief of Staff of the Army, announced that the expedition would consist of not less than 5,000 men under Major General Funston.

In its present stage, the President's order does not mean armed intervention in Mexico.

It provides for a punitive expedition to deal with lawless forces over which the Carranza government has no control.

The following statement was issued at the White House: "An adequate force will be sent at once in pursuit of Villa with the single object of capturing him and putting a stop to his forays."

"This can be done, and will be done, in entirely friendly spirit of the constituted authorities in Mexico, and with scrupulous respect for the sovereignty of that republic."

It was said at the White House that the American Government wants Villa dead or alive, and that no steps will be neglected to carry out that object.

It was declared that the United States will not consider an expedition an invasion of Mexico, and will continue to deal with the Carranza government.

The American Government is still opposed to armed intervention, but has decided that the peace of both Mexico and the United States is imperilled by the continued activity of Villa.

The Cabinet today was unanimous in deciding that Villa must be caught.

It was said that the pursuit of Villa will be undertaken in a comprehensive way, and organized plans will be laid for his apprehension.

Officials received the word of the decision to go after Villa with troops with undisguised satisfaction.

Cabinet members expressed themselves as greatly pleased that army officers voiced unanimous approval.

A general feeling of relief that the Administration had finally decided to take the step was apparent.

The President himself is firmly convinced of the necessity of eliminating Villa from the Mexican situation.

He is reported as being just as determined to oust Villa as he was to oust Huerta.

The announcement of the intention of the President to send troops into Mexico was accompanied by scenes not equalled by those at the White House since the determination to send the Atlantic fleet to Vera Cruz in 1914.

Pains were taken by officials to point out their hope that General Carranza would realize the spirit in which the American troops were being sent after Villa.

Elesio Arredondo, General Carranza's ambassador here, received the news of the President's decision with the statement that he could make no comment, and would at once notify General Carranza.

Yesterday he declared it was his own opinion that such action would not be resented.

American officials realize that Carranza may have difficulty in consenting to the presence of American soldiers on Mexican soil because of popular feeling in his country.

Carranza himself, however, is believed to be so eager for Villa's capture that he may co-operate with the American troops.

By Associated Press Dispatch.

Washington, March 10. — Unless it is decided to have American troops cross the border again, the Columbus massacre is a closed incident as far as the War Department is concerned.

This announcement was made after an early conference today between Secretary of War Baker and Major General Scott, Chief of Staff.

At the State Department, it was made plain that negotiations with General Carranza for permission to send in troops to clear out the bandit gangs will go forward.

Major General Funston, in a night dispatch, urgently recommended that he be authorized to send American troops over the border to clean out finally the bandits.

The State Department will pass on his recommendation.

"So long as the border is a shelter for the band, they will continue to harass our ranches and towns to our chagrin," said General Funston in his message.

Colonel Slocum, in command at Columbus, sent the following report today on the action of his men who followed the Villa bandits across the border.

"I sent three troops under Major Tompkins across the border. They pursued Villa about five miles, driving him into rough country, where his forces scattered after making one final stand which stopped Tompkins' advance.

"These three troops returned to Columbus in about three hours. We lost one corporal."

THE CABINET
UNANIMOUSLY
WITH WILSON

By Associated Press Dispatch.

At the Cabinet meeting, the discussion of the situation was brief and to the point. The Cabinet unanimously agreed that the only thing to do was to send troops.

President Wilson took the same position and at once instructed Secretary Baker to issue the necessary orders.

He also instructed Secretary Lansing to inform General Carranza of the attitude of the American government.

Leaders of both houses were immediately notified from the White House of the President's action. They approved his course.

Before deciding finally to send the troops after Villa, the President conferred over the telephone with Chairman Stone of the Senate Foreign Relations Committee who told him he believed the sentiment of Congress would solidly support his action.

It was considered possible that within a few days President Wilson might go before Congress to recite the series of acts by Villa which led up to the ordering of troops to effect his capture.

The President desires to move with the entire co-operation of Congress.

GRAPE SHOT
NOT GRAPE JUICE

By Associated Press Dispatch.

Washington, March 10. — Senator McCumber, Republican, of North Dakota, introduced a resolution in the Senate today providing that congress shall direct the President to send immediately an armed force into Mexico, to hunt and destroy murdering bands guilty of atrocities against American citizens.

Senator Fall also introduced a resolution, providing for the recruiting of 500,000 volunteers to police Mexico.

Senator Ashurst, Democrat, of Arizona, sought immediate consideration of the McCumber resolution, but it was blocked on objection by Senator Stone.

Mr. Ashurst brought forth applause from the galleries when he said:

"It is the duty of the Senate to vote authority to send troops after those red handed cutthroats, bring them back to Columbus where they made a funeral pyre out of American citizens, and shoot them on the spot."

"That is, I would give them grape shot instead of grape juice."

BAKER ACTS

By Associated Press Dispatch.

Washington, March 10.—This afternoon Secretary Baker called the General Staff of the Army in session to perfect plans for the expedition into Mexico. General Funston was asked for any recommendations.

It was indicated that movements would be made from several points on the border at the same time.

No plans have been made, so far as known, for the use of the National Guard.

WASHINGTON C. H., OHIO

and all voted yes, the ordinance being passed.

Bad Sidewalks.
Rowe, Howell and Veail, committee named to investigate and report on all bad sidewalks in the city, filed a partial report, recommending new sidewalks as follows:

East side of North street, creek to Second street, six or seven foot sidewalks. North side of Elm street from Main to alley between Main and Fayette. Along the Townsley, Murray, Pursell, Ballard properties on West side of Main street south of bridge. Burke property North side of East street, between Main and Fayette. South side Columbus avenue from Court to Willard street. South side Market street from Main to Water street. A sidewalk on Circle avenue from Main street to the D. T. & I. railroad.

Evans asked the Solicitor the extent of council's power in ordering improvement of sidewalks, and was informed that where the sidewalks were not good council had absolute power to have them replaced with new ones. Rowe reported that most of the walks mentioned in the report were either low, uneven, full of holes, banked on either side so that they held water, defaced by tree roots, or no walks at all.

Sheets moved that the Service Director immediately notify all property owners along the sidewalks mentioned to rebuild the sidewalks early this spring. All voted yes. Council then took a 20 minute recess to discuss light plans.

Adopt New System.

When council reassembled Sheets stated that he favored the old plan of 100 candle power lamps for the outlying districts, and the 250 candle power lamps for the business portion of the city. He suggested 412 of the 100 c. p. and 36 of the 250 c. p. He moved that the old plan for the lights (eliminating the white way) be adopted and a committee be appointed to revise the specifications accordingly.

Wants Moonlight Schedule.

Evans urged a moonlight schedule stating that it was unnecessary to burn lamps during moonlight, and that there was a difference of 1000 hours or one-fourth time on each lamp, the moonlight schedule being 2,000 hours and the all night and every night schedule 4,000 hours per year. He pointed out the big saving to the lighting company in lamps alone, basing his figures on the supposition that one of the incandescents is supposed to burn 1,000 hours before requiring a new lamp. By using only three lamps for each light instead of four, he figured a saving in lamps of hundreds of dollars. He believed a saving to the city of 10 to 15 per cent could be obtained.

Whelpley suggested calling for bids on both schedules, and other favored this. On the motion to adopt plans and name a committee to revise specifications, all voted yes. Howell, Rowe and Veail were appointed.

Under the plans and specifications which included the "white way" the Washington Gas and Electric Company's bid on the street lights, out side of the white way, was \$16 per year for the 100 c. p. and \$25 per year for the 250 c. p., on a 4,000 hour schedule. Figured on the same basis the 412 lamps and 36 lamps would reach \$7,492, or about \$400 less than is being paid for the present lights.

Object to Minimum.

Howell suggested fixing the rates for commercial lighting. Solicitor Gregg stated that an ordinance fixing the rates could be adopted when the new contract is made. Howell moved the solicitor to prepare such ordinance, stating that the minimum charge of 50c per month for residences should be corrected, as it was the blunder of H. Whitford Jones.

COUNCIL TAKES UP PLANS FOR NEW STREET LIGHTING SYSTEM

412 Incandescents of 100 Candle Power and 36 of 250 Candle Power Is Plan Decided Upon—Moonlight Schedule Urged By One Member—Street Sweeper and Road Drag to Be Shipped on Trial—Other Business.

At the Thursday night session of the city council, a committee was named to revise the plans and specifications for a lighting system, to consist of approximately 412 lamps of 100 candle power and 36 lamps of 250 candle power each, the larger lamps being in the business district.

The session opened with a request from W. W. Hamilton to revise the assessment on his property on East street, where he was assessed for 92

feet when in reality it is claimed only 67 feet should be taxed against the Hamilton property. Upon motion by Howell the engineer was ordered to make a survey of the property and report at the next meeting.

Fixed Compensation.

The Law and Ordinance committee reporting (in writing) on the proposed boost of wages for street and sewer laborers, recommended that the wages be \$1.75 per day for unskilled and \$2.25 for skilled labor, instead of \$2 for the former and \$2.50 for the latter. They believe the wage fair, considering the economy necessary.

Veail voted to "accept" the report, and was informed by President Sadders that "accept" means "adopt" and that for many years council had fallen into the parliamentary error. Evans then moved to amend the ordinance in accordance with the recommendations of the committee.

FRENCH LOSSES

(By American Press)

Berlin, March 10.—Major Morant, military expert, estimates that the French losses in the fighting around Verdun total between 70,000 and 80,000. Major Morant says that more than 20,000 French soldiers have been made prisoners.

WAY TO GAIN FLESH

Conductor Tells How He Gained Flesh and Strength.

So many cases like the following are continually coming to our attention we want everyone in Washington Court House to know that our offer still holds good to return money in every case where Vinol, our delicious cod liver and iron tonic, fails to create strength and build up weak run-down, nervous overworked men and women.

"I am a conductor on the Scranton Ry., and became run-down and tired out, lost my appetite, flesh and strength, so I had to lose a good deal of time from my work. A friend told me to try Vinol. I did so and rapidly regained health and strength, and yesterday I was weighed and it showed I had gained 26 pounds since taking Vinol. I cannot say enough in praise of Vinol, for what it has done for me." G. B. Sorber, 1513 Vine St., Scranton, Pa.

About every other day we are publishing letters like this in Washington Court House newspapers, about Vinol. They are guaranteed to be truthful and genuine, and show the good Vinol is doing all over the country. Blackmer & Tanquary.—Advt.

The Mexican Bandits

It is not likely that the United States government, regarding the outrages perpetrated by Villa bandits at Columbus, New Mexico, Thursday morning, will be content with continuing the policy of watchful waiting.

The time has passed when this government can sit idly by while its citizens are plundered and butchered in cold blood by bands of robbers.

Emboldened by the failure of the government to punish those who murdered its citizens on foreign soil, the fiends in human form have crossed the border into our own territory to commit their barbarous atrocities.

Carranza has proven himself impotent to deal with the conditions and this nation must protect itself. It would not be, to run these bandits to earth, in any sense, a war on Mexico, or on the Mexican people. We have no quarrel with Carranza or his government unless he should undertake to oppose our troops in the pursuit of robbers and murderers who have committed crimes in the United States.

The idea that bandits may rob and kill as suits their purpose and then escape the consequences of their acts by simply crossing back over the line into Mexico is preposterous.

It is time for action—not war but the pursuit and punishment of desperate criminals.

Carranza should not stand on form. Neither should the United States.

This culminating outrage should result in such action as will guarantee peace along the border and security for American lives and property at least on United States soil.

Youngstown Indictment

As an echo of the night of anarchy and terror in East Youngstown comes the report of the Mahoning county grand jury returning indictments against the chairman of the United States Steel Corporation, and several big steel mill companies in Youngstown.

The crimes charged in these presentations by the grand jury are violations of the anti trust statutes of the state.

Some of the city officials were also indicted for alleged infractions of the laws of the state forbidding officials to be pecuniarily interested in public business. The mayor and the chief of police are severely censured for omissions of public duties preceding the outbreak.

Of course, the new trouble which has been launched in Mahoning county will be ground out through the courts and it is not proper now to express any opinion as to the merits of either one of the cases.

However, one thing apparent, from the very nature of the action was prompted largely by a desire to get even, rather than a genuine wish to punish real violators of the law.

East Youngstown people will learn that harboring a desire for revenge will not smooth out the bad feeling which exists following the upheaval.

And England, Too

Germany's further explanation of the position she has assumed with reference to the manner of conducting submarine warfare, was delivered to Secretary of State Lansing on Wednesday. It is satisfactory in its acknowledgment of the correctness of the contentions of the United States as to international law. The admission that the provisions of international law do not cover the use of submarines should go a long way toward reaching a final and a peaceful conclusion of a discussion long drawn out and fraught with grave dangers to the peace and happiness of the people of two great nations.

The "further explanation," however, contains some very unsatisfactory features, notable among which is the complaint against Great Britain and the mild, but apparently firm, insistence that observance of the provisions of international law should be demanded of Great Britain also. Germany acknowledges the utter absence of any provision of international law justifying her proposed submarine campaign but refuses to obey what she concedes is the law unless Great Britain is forced to "toe the mark" also.

President Wilson has all along, rightfully, contended that the differences with Germany were in no way dependent upon any differences with Great Britain and settlement of those differences should not be made to wait upon adjustment with Great Britain.

On account of the loss of American lives consequent upon Germany's violation of international law the differences were more acute and the demand for speedy settlement more urgent. Judging from the past it is not likely that the president will recede from his former position.

It is difficult, of course, for Germany to understand just why she is pressed so hard for a settlement and Great Britain apparently, allowed to continue her operations unchecked. If Germany was not "war mad" the difference in the two cases would be clearly apparent.

It is though, most Americans think, high time for the United States to insist that England be mindful of our rights on the sea.

Poetry For Today

A LOST COMRADE.

You live as the world has bade you do:

Only the sleeping soul of you
Lies unawakened by wind or dew.

Your soul that thrilled like a harp—
string shaken,
Dusty hands of the world have taken
And thrust it deeper than aught can
waken:

You who quickened our heavy eyes,
Our hearts weighed down beyond will
to rise
With silver shadows of Paradise!

Were it only your heart that the
years had broken
Still should be for a shining token
How your soul had glowed and your
lips had spoken!

Were it only your life was crushed
and through!
... They have taken the starry soul
of you
And hidden it deep from the wind
and dew!

TANLAC SECURES HIGHEST RECORD

Demand Considered Marvelous by Those in Business World.

When one realizes that exactly one million bottles of Tanlac were sold nine months to the day after its introduction, it can be readily understood why Tanlac's success—success built on merit alone, has been considered a romance of the staid business world. Its instant leap to popularity throughout the United States in such a comparatively short period has been looked upon as almost a miracle.

Tanlac must have wonderful merit or why would a quarter of a million people unhesitatingly come forward and publicly endorse it? Tanlac appeals to the best people. In every community where Tanlac has been introduced, it will be noted that prominent and professional people, whose reputation and word are beyond reproach, are among the first to endorse this Master Medicine.

The secret of Tanlac's success, which has surpassed the record of any other preparation ever known in the annals of proprietary medicines, is its good reputation, which has been established in every community where it has been introduced. Tanlac's best advertiser, it has been shown, is the grateful man or woman who has suffered all the agonies of stomach, kidney, liver disorders, or kindred ailments, and has found relief through this wonderful reconstructive tonic—Tanlac. It is this person, who spreads the good news to his or her friends in order to give them the benefit of the discovery, that has paved the way to success for Tanlac.

Another great point in Tanlac's record is the large repeat sales. In other words, the sales record established by Tanlac is due to satisfied customers, who have realized the benefits of this wonderful tonic and have returned for their second, third fourth and often fifth bottle.

It is true, however, that only one bottle of Tanlac often has been found sufficient to relieve. In long standing cases, however, it is beneficial to take a thorough Tanlac treatment.

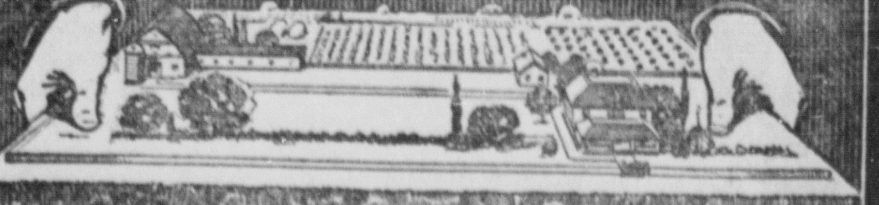

Tanlac has proven very effective in stomach, liver, kidney, and intestinal disorders, and through its system-cleansing powers and tonic effects gives the best results for catarrhal affections of the mucous membranes.

Nervous, run-down men and women, whose strength has been sapped by modern maladies springing from a disordered stomach, liver, kidney or catarrhal troubles, which are the base of so many ills, and who need more strength, better assimilation, regulated circulation, quick and effective toning up of the nerves; in short, a purification of the system, will find that nothing compares with Tanlac in its remedial effects.

Tanlac is now being introduced in Washington C. H., at the Blackmer & Tanquary store, where its merits are being explained daily to scores of men and women.

Tanlac may be obtained in New Holland at the New Holland Drug Store.

\$100,000,000 Better

YOU think of the Baltimore & Ohio System in terms of the past—as a great scenic and historical route—as America's first railway—should know it today. In past four years \$100,000,000 have been used to improve the roadbed to straighten curves, to add new tracks, to better the equipment. Millions have been spent for coaches and engines of the all-steel, electric lighted trains, with an excellent dining car service. All the attractions of Nature which made it "the scenic route of Eastern America" are still here for you—but we have made them \$100,000,000 better. You can not ride in better trains, over a finer roadbed anywhere.

"BABY WEEK" IS TO BE OBSERVED EARLY IN APRIL

The committee for the "Baby Week" met at the Welfare Association rooms, and made arrangements to start the campaign which will be held in Washington the week of April 2nd.

Several sub-committees were appointed, and the slogan adopted for the movement is "Baby Health Means Washington Wealth," and with this belief in view, a strong effort will be made to interest scores of parents in the better welfare of their children.

All physicians will co-operate in making the movement a thorough success, and will examine a number of babies with a view to finding the most perfect child in the city.

Baby health is the sole object of the "Baby Week," and Baby Sunday will be observed in the churches, Tuesday evening of "Baby Week" Dr. Frances Hollingshead, the director of the Child Hygiene department of the State Board of Health, will address the women's clubs.

Wednesday will be school day and she will address the school children.

The committee, which is to work under the auspices of the Browning Club as well as the Welfare Association, desires the co-operation of every man, woman and child.

LARGE AUDIENCE HEARS REV. GROVE IN STRONG TALK

At the Christian church last night Mr. Groves delivered a remarkably strong sermon on "The Two Covenants" taking for his text: "He has taken away the first that he may establish the second."

He showed how the first covenant with its numerous limitations had now been superseded by the fuller love of Christ. That now he has been given all authority and he was now our priest, prophet and king.

Special emphasis was laid on the fact that God is speaking to us today through the revealed word. A splendid chorus led by Mr. Troy is adding much to the interest of the meeting. He is training a junior choir which will assist next Sunday.

The subject announced for tonight is: "Looking Through the Lens of Prophecy at Jesus."

MAYOR AND POLICE TO MOVE NEXT WEEK

The offices of the Mayor, police, council chamber, and other city offices will be moved to the engine house sometime the coming week, and the Engine House will become the center of attraction much the same as the old town hall which stood upon the site of the present engine house.

Friday the work of moving the two heavy safes from the rooms now occupied by the Mayor and council, was started.

A doorway will be cut in the side of the Engine house and an outside stairway erected so that access to the second floor may be attained without passing through the lower room where the fire fighting paraphernalia is kept.

TAKES IODINE FOR COUGH MEDICINE

A man by the name of Russell, residing near the Madison-Fayette line, in Paint township, is in a serious condition as a result of drinking a quantity of iodine which he mistook for cough medicine.

When he discovered his mistake he immediately called a physician from Jeffersonville, and for several hours was thought to be dying. He is recovering slowly.

FLOCKING TO VIEW

"THE LAST SUPPER"

Not only are Washingtonians flocking to the high school auditorium to see the great picture exhibited there and hear the strong and helpful lectures delivered by Mr. Leavitt and Mrs. Leavitt's superb singing, but people throughout the county are braving the bad roads and others from adjoining towns are coming by train.

Among those who have seen the painting "The Last Supper," it is the chief theme of conversation, lovers of the best realizing that never before has such an opportunity been offered to local citizens as that of the present.

One of Mr. Leavitt's strongest lectures will be delivered tonight, beginning at seven o'clock. Throughout his lecture the painting will be exhibited, as is his custom in all lectures.

WILLHITE CONVERTS AT PRESBYTERIAN CHURCH

Thursday night Evangelist Willhite and a large number of tabernacle converts, probably 200, marched from the Y. M. C. A., to the First Presbyterian church.

The church people were eager to greet them and the new-comers received a hearty welcome.

Dr. Gage, the pastor, gave a few words of welcome and good cheer and Dr. Carey Persinger, Sunday school superintendent, extended a welcome to all to attend the Sunday school.

Rev. and Mrs. Willhite responded when asked to sing "Because He Loved Me So." The people would not let them off until they sang "Jonah and the Whale."

Rev. John L. Dalbey offered prayer. Dr. Gage introduced Dr. Brittan, of the First Presbyterian church of Columbus.

Dr. Brittan has been delivering a series of splendid lectures this week on the Bible. Last night his lecture was on the Epistles. He said many good things for those just coming into the church work as well as to those who have been longer at it. Following his instructions a person would certainly be equipped for life's work. He spoke of the work of the Holy Spirit helping men write the Epistles which were commentaries of the rest of the Bible.

Mr. L. L. Bowman pleased the people with a solo entitled "This Wonderful Savior of Mine." Mr. Troy sang, "What Will it be to see Jesus."

Mr. Willhite gave an interesting talk, after which he conducted a "pop corn" testimony meeting for the new converts. So many were willing and anxious to testify that often three or four were on the floor at once.

That everyone might get better acquainted a social hour, with refreshments, was spent in the basement of the church.

The Presbyterian church people surely made it an enjoyable occasion for the converts as well as others participating in the cordial reception.

The special committee in charge included Messrs. Fullerton, Henkle, Jackson, Mesdames Hopkins, Sprenger.

Tonight the converts will meet Evangelist Willhite at the Y. M. C. A. and in a body march to the Christian Union church on Gregg street. They go to the First Baptist church Saturday night.

OBTAINS PROMISES BEFORE CONSENTING TO SUNDAY BASEBALL

Three special policemen and better facilities for the accommodation of the public, with assurance that no gambling will be permitted are the requirements exacted by Mayor Oster from the Management of the Washington Athletics before giving his consent to Sunday baseball in the city this summer.

Upon the agreement of the management to fulfill the requests, Mayor Oster gave his consent to Sunday baseball and will throw the first ball in the opening game.

Few or no toilet facilities have been provided heretofore for the spectators, and there was lack of police, the regular force being relied upon to look after the large crowds. Mayor Oster expects, by the requirements mentioned, to eliminate objectionable features of Sunday baseball.

Health officer Dr. Landis at the head of the Cincinnati Board of Health says that half of the sickness is caused by getting your feet damp through the bottoms of your shoes. Korry Krone Soles will stop that. Get them at Duffee's Shoe Shop. They are waterproof.

GREENFIELD GIVES LOCALS HARD FIGHT

It was only by some hard playing that the Washington "Y" team wrested victory from threatened defeat when the Greenfielders met them on the "Y" floor Thursday night. Patton and Johnson saving the day by some brilliant playing, and the other players coming to the front in the last half.

In the first half the visitors took the bit in their teeth and ran away with the "Y" team, so that the score of the first half was 17 for the visitors and 9 for the "Y" boys.

In the first half Hays and Johnson were forwards, Smith center, and Peterson and Patton the guards, but this lineup was shifted in the last half, Peterson taking forward, throwing Johnson to center and Smith on guard duty. Then the tables were turned and the visitors bit the dust.

The lineup of the visitors was: forwards, Unger and Cockerill, center, Barry, guards Watt and Bruchs, Stawalt and Strange were subs.

Tuesday night the Alpha Sigma Phi, champion frat team of the O. S. U. will meet the "Y" team here.

The "Y" team goes to Greenfield in the near future to play a return game with Greenfield.

To add to the appearance of your shade trees have them trimmed and treated where necessary, by J. M. Kinny & Co. A card through P. O. Box 482 will receive prompt attention.

APPOLLO

Ever since the Washington High school has occupied its beautiful new home it has been the custom of the out-going Senior class to leave, as a memorial, some gift which shall add to the beauty or usefulness of the school home.

The class of 1913 left the clock on the front of the building; the class of 1914 gave the artistic curtain for the stage of the auditorium; the class of 1915 has rivalled its predecessors by presenting a life size caproni cast of Appollo Citharoedus.

This exquisite figure adds one more treasure to the collection of beautiful works of art, for which the W. H. S. is becoming famous.

This statue is placed in the auditorium and will be unveiled and formally presented by the class of 1915 tomorrow night at 7:30.

The following invitations are being issued.

The bungalow is one of the most artistic and complete of the modern homes which have been erected in Washington. It is built of brick and stone, with red tiled roof and the interior arrangement is most attractive, the wood-work and furnishings very handsome.

In Social Circles

The Leap Year dance given by the Daughters of Rebekah at the I. O. O. F. Hall Thursday night was a big success, forty couples revelling in the merry dance and its accompanying social features.

Mr. Maurice Williams and Miss Ruth Lininger led the grand march at nine o'clock.

Splendid music was furnished by an orchestra composed of Messrs. Horstman, Ramsey, Wilkins and Jones.

A buffet supper was served.

The entertaining committee had the arrangements under excellent supervision.

Among the enjoyable affairs of the week was an elaborate dinner at which Mr. and Mrs. William Thornton, of Lakeview avenue, extended their hospitality.

Their guests were Mrs. Nora Sparr Kansas City, Mo.; Mrs. Amanda Worrell, Springfield; Mr. and Mrs. John Hyer, Sabina; Mr. and Mrs. Elon Thornton, Mr. and Mrs. A. L. Thornton, Mrs. Noah Baughn.

ROUNDING UP BANDITS AFTER MURDER RAID

American Troops Kill Seventy-Five In Battle.

RETURN FROM THE CHASE

Bandit Raid On Columbus, New Mexico, Results In The Killing of Sixteen Americans and Fifty Mexicans—Villa Said to Have Been In Command of the Band That Made the Attack. Late Details.

Columbus, N. M., March 10.—As a result of the raid on this city by Mexican bandits, at least sixteen Americans were killed and five wounded, and half a hundred Mexicans lost their lives in Columbus and vicinity and others in Mexico, when pursuing American troopers crossed the international line under Major Frank Tompkins and gave battle to the retreating bandits.

The American soldiers returned here from their foray and reported that they believed they had killed seventy-five of the band in Mexico.

That General Villa was in personal command of the raiders is the declaration of wounded Villistas captured by the Americans after the raid. A portmanteau containing private papers belonging to the former Mexican chieftain was found on the battlefield after the bandits had been driven off.

When the bandits raided this town, early yesterday, the American troopers were taken unawares and none of them had their arms. Their stay in Columbus was of an hour's duration, during which time they killed all American civilians who came into their path, looted all the stores and fired the general mercantile stores of Simmon and Domney and the hotel and restaurant of Sam Revel. Several people were burned to death in the hotel, most of them either wounded or shot by the bandits before the place was fired.

Dr. H. M. Hart, special agent of the United States department of agriculture is missing and is believed to have been burned as he came to Columbus Wednesday night and was a guest of the Revel hotel.

A wounded bandit before he died declared that Wednesday Villa hanged and burned the bodies of Arthur McKinney, William Corbett and James O'Neill, the American employees of the Palomas Land and Cattle company, made prisoners on Tuesday. He is said to have made a speech to his men in which he asserted that "the United States is trying to swallow Mexico and we want to choke them as much as possible."

The wounded and dead soldiers were sent to Fort Bliss, at El Paso. Coffins were brought out from El Paso for the dead civilians. The bodies of the dead Mexicans, as they were gathered up, were piled in a heap during the day, saturated with oil and burned.

Troops Engaged Bandits.

The Mexicans, estimated to have been 1,500 to 1,000 strong, swooped down upon the town while it yet was dark and the townsfolk asleep, coming up through a wide ravine leading from the border and skirting the edge of the camp of the Thirteenth United States cavalry. They posted snipers at strategic points, began the attack by a fusillade of bullets that startled the sleeping residents, and set fire to several buildings.

As the house guests and householders were routed out the soldiers picked

ed them off in the streets. The sound of the firing was heard in the camp of the Thirteenth cavalry and Lieutenant Casteman, officer of the day, turned out his men. There were only two troops of them, and though greatly outnumbered, they rushed into the town and engaged the Mexicans.

The battle lasted an hour and a half in the glow of the flames from the burning buildings. The railroad station, the customs house, the Central hotel and the Hoover hotel were the first places which the Mexicans attacked. Then they set fire to other frame buildings.

The occupants of these buildings armed themselves and fired back at the bandits from every possible vantage point. The United States soldiers charged the Mexicans and finally succeeded in driving them back until Villa's buglers began sounding the retreat. Half an hour later the town was cleared of the Mexicans, who fled across the border pursued by the cavalrymen and citizens, who had joined them. The troops took up the pursuit.

Troop G, stationed at the border south of here, caught the retreating Mexicans on the flank and killed 18 of them. Corporal Wiswall of Troop G was shot through the right eye and killed and Lieutenant Beson was wounded.

The information that Villa and his chief lieutenant, Lopez, were in personal command of the raid was furnished to Colonel Slocum by a Mexican rancher, who was made a captive during the raids of the bandits on Sunday and who escaped during the fighting. Colonel Lopez is reported to have been killed in the battle here.

PRIMITIVE BUT POINTED

(By American Press)

Cincinnati, March 10.—Locked in a suite of offices in the Gwynne building, four well known Cincinnati attorneys used their mental alertness in an effort to induce a man not to press the triggers of two large revolvers that held the lawyers at bay. Facing the guns of the angered man were former Congressman Stanley Bowdle, Attorneys Philip Renner, M. F. Galvin, J. P. Bauer, Jr., and Miller Renner. Louis G. Klotter, brother of Eugene Klotter, former president of the Bellevue Brewing company, is at police headquarters, charged with pointing firearms. The incident was an outgrowth of the spectacular court proceedings in the Bellevue Brewing company receivership in the United States court and the subsequent lunacy trial of Eugene Klotter, who now is at Longview asylum.

MACHINE GUN FAILED

(By American Press)

El Paso, Tex., March 10.—Failure of the machine guns to work at the crucial moment when they were most needed at the beginning of the fight between the Villa bandits and the Thirteenth cavalry at Columbus was the cause attributed for the escape of the Villa band across the border and also for the relatively small loss of life among them, according to Private Thomas Barton of the hospital corps, who, with Private E. M. Johnson, brought five wounded soldiers and one officer to El Paso.

BRITISH BUY BUM PLANES

Peer Sharply Attacks Anti-Air Craft Defense.

London, March 10.—In the course of a debate in the house of lords on Great Britain's anti-air craft defense Lord Beresford delivered a spirited attack on the government for taking inadequate and wasteful measures. "We have spent money like water buying useless machines from other nations, causing the loss of some of our finest aviators," was one of the charges of the one-time sea lord.

Lord Beresford was joined in his tirade by Lord Montague, who advocated the creation of a separate ministry to deal with the aviation problem. He asserted there was a great need of larger and wider powers on the part of those in charge of this important branch of national defense.

"The present position of our air service is unsatisfactory," said Lord Montague. "In twenty-five Zeppelin raids not one machine has been brought down by our anti-aircraft guns. Our system or our guns require being replaced by greater efficiency."

Lord Lansdowne, speaking for the government, said in reply to these attacks that the output of aeroplanes in England per month is now twenty times greater than in peace time and would be doubled during the coming summer. He added: "At the end of this month the number of squadrons was eight times as strong as that which accompanied the expeditionary force in 1914. Every precaution is being taken to meet the Zeppelin danger."

CHALLENGE CLAIM

(By American Press)

Washington, March 10.—Challenging every substantial charge against Great Britain contained in the German memorandum submitted to Secretary Lansing by Count Von Bernstorff, the British embassy issued a statement intended to show that while Germany contends her submarine warfare is in retaliation for British violations of international law, many of the German acts were committed before the British had issued the orders in council or committed any other acts for which the Germans complain.

BAD WORK

(By American Press)

Youngstown, O., March 10.—What is believed to be a plot on the lives of Prosecuting Attorney A. M. Henderson and County Detective John J. Kane was discovered when an automobile used by the pair in their investigations of the East Youngstown riots was taken to a garage for repairs. Workmen found that gasoline had been mixed with oil used in the machine. Automobile men say that if a spark from the bearings had reached the mixture the machine would have been blown to pieces and the occupants killed.

"ME TOO"

(By American Press)

Rome, March 10.—Reports here from the Balkans mention it as probable that Greece will follow Roumania in entering the war on the side of the entente allies. According to the reports Roumania's intervention is not likely to be delayed more than a month longer.

In this connection it is reported that the allies have now consented to advance \$4,000,000 to Greece, which is needed for the expenses to mobilize, until April 1. If Greece had been determined to preserve her neutrality, it is pointed out, she would have demobilized and the report that the allies are now practically paying for her mobilization is regarded as implying assurances of future intervention as soon as the Bulgarians have withdrawn from Macedonia and Albania to meet the Roumanians.

THE REASON INSUFFICIENT

(By American Press)

Chicago, March 10.—Hunger is driving the Mexican rebels to their ravages along the American border and may be found to have been the reason for the attack on Columbus, N. M. So said L. G. Fisher, Jr. He recently returned from the scene of the fight. The Rio Mimbres irrigation project, in which he is interested, is near Columbus. "The attack on Columbus, I think, will be found to have been a filibustering raid for the purpose of getting food," said Mr. Fisher of the attack.

"Yes, madam, I know you'll like Edgemonts—because they come fresh-baked to us"

"I like to sell Edgemont Crackers because of the way Green & Green make them, bake them and send them to me—"

"They use the finest flour and the purest shortening; they mix, roll, cut and bake Edgemont Crackers by machinery, in Ohio's model bakery—"

"Then they pack Edgemonts in this double-enameled, pure food box, so that they reach my store with that good, fresh-from-the-oven taste. Folks who try them won't have any other."

EDGEMONT CRACKERS

100 to the pound—only 12 cents

"Keep plenty in the pantry. Have some on the table for every meal. You and all the family and guests will always want more, for their rich flavor and genuinely good taste actually spur the appetite."

"When you see the green box in my store, or in the window, it will remind you of Edgemont Crackers. It not only means purity, but it is a guarantee of quality. It backs me up when I recommend Edgemonts to you."

"Try them today—thank you"

COAL OPERATOR DEAD

(By American Press)

Pittsburgh, March 10.—Colonel Alfred Hicks, seventy-nine, coal operator, steel manufacturer and financier, died at his home here. He founded the Allegheny Steel & Iron company and up to the time that he retired six years ago, had been connected with twenty coal companies. Colonel Hicks was a veteran of the Civil war and was in Ford's theater when President Lincoln was assassinated.

Our Treatment For San Jose Scale

AND THE CODLING MOTH, in our method of applying it, is where we win over all other treatments. We remove all dead limbs and loose bark (a breeding place for insects,) clean out all rotten places where the apple tree or Spanish bore work and destroy the life of the tree. We treat shade and ornamental trees the same. You cannot have the old-time forest effect in a city or park—it endangers the lives of people in high winds. Your trees are not attractive, unsafe and poor shade. We can furnish the best of references. Our charges are reasonable.

THE GIRL AND THE GAME

A STORY OF MOUNTAIN RAILROAD LIFE
by FRANK H. SPEARMAN
AUTHOR OF "WHISPERING SMITH," "THE MOUNTAIN DIVIDE," "STRATEGY OF GREAT RAILROADS," ETC.
NOVELIZED FROM THE MOVING PICTURE PLAY OF THE SAME NAME. PRODUCED BY THE SIGNAL FILM CORPORATION.

SYNOPSIS.
Little Helen Holmes, daughter of General Holmes, railroad man, is rescued from imminent danger on a scenic railroad, by George Storm, a new boy. Crowned to young womanhood Helen makes a spectacular double rescue of Storm, now a freight trainman, and of her father and his friends, Amos Rhinelander, financier, and Robert Seagrue, promoter, from a threatened collision between a passenger train and a runaway freight. Safebreakers employed by Seagrue and Capelle, his lawyer, interrupted by Helen while stealing General Holmes' survey plans of the cut-off line for the Tidewater, fatally wound General Holmes and escape. Storm and Helen chase the murderers on a light engine and capture them. Spike has hidden the plans and manages to inform Seagrue where they are cached. Her father's estate badly involved by his death, Helen goes to work on the Tidewater. Seagrue helps Spike to break jail and uses him to set fire to a powder train hauled by Storm's engine. Helen saves Storm from a horrible death. Helen recovers the survey plans from Seagrue, and though they are taken from her, finds an accidentally made proof of the survey blue print.

(Continued from Yesterday's Herald)

Accompanied by the agent, Helen following, Rhinelander entered the station. Helen went to her desk to wire for a confirmation of the dispatcher's message. As she did this, her eyes fell on the clip on which had been filed the duplicate of Spike's message to Seagrue. Across it she had thrown her crochet work and her eye was now met by the words of the cipher message as Spike had meant the secret message to be read by Seagrue:

"Changed ties Rhinelander to Seagrue."
Startled, she called to Rhinelander. With Lyons, the latter read the message as she now pointed it out to them. The two men saw the import at once. But outside the station Spike and Seagrue were listening. "You see you're caught," muttered Seagrue to Spike. "They'll wire for confirmation and help. We're in for trouble."

"No trouble at all," declared Spike coolly. "I'll save them the work of wiring."
"How?"
"By clipping their wire. Just keep cool, Seagrue. I'll get you through."

Spike, without delay, climbed a pole and with a pair of clippers made good his threat.

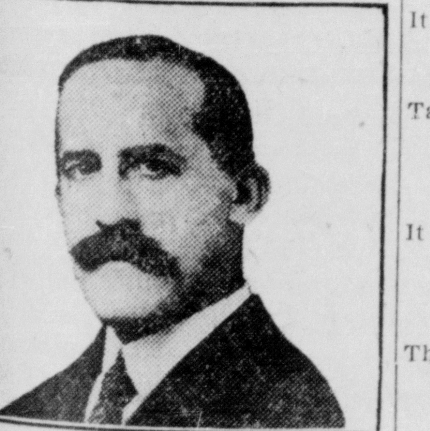

Helen, sitting at the instrument, was trying to call. She stopped. "The wires are cut," she exclaimed.
Seagrue and Spike on the platform passed the window. Storm, at this juncture, ran in from the field of battle. "There's too many of them," he said in disgust. "Every time you knock one dago down, two Greeks come in to take his place. The way to win this thing up, Mr. Rhinelander, quick and clean, is to capture Seagrue and lock him up. We can do it. Stick him in the freighthouse here and pile a couple of dozen bags of cement on him. No? I say, yes!!! Something's got to be done."

"Can't you get a message through somehow?" asked Rhinelander of Helen in agitation.

"Yes," she answered, unhesitatingly. "I can. I'll get one through for you."

Great Business Losses Due to Neglect

W. WITHERS MILLER
President of the Polk-Miller Drug Company, Richmond, Va., is authority for the following extraordinary statement:
"I estimate that the business men of this country could increase their efficiency fully ten per cent by taking an occasional laxative and not neglecting the bowels as most of them do."
He also said that if the Department of Commerce in Washington would present each business man in the country with a box of Rexall Orderlies, it would be of great benefit to the national welfare. Rexall Orderlies are prompt in action, pleasant to take and never gripe. Can be used by men, women or children, and are just the thing for toning up sluggish livers.

WAR DECLARED ON PORTUGAL

Rupture Officially Announced at Berlin.

Berlin, March 10.—Germany declared war on Portugal and the Portuguese government became the thirteenth nation involved in the world conflict. Portugal recently seized many German ships in Portuguese harbors. Germany demanded that these ships be released. Portugal rejected the German demands and Germany declared war.
The German minister at Lisbon notified the Portuguese government of the declaration, handing the official document to the foreign minister with the remark: "The German government, therefore, now considers herself from this date at war with Portugal."
It is believed here that Austria will take similar action, Austrian ships having been seized by the Portuguese naval authorities. In many quarters it has been hinted that another result will be Spain's entrance into the war on the side of Germany.

OHIO "SOJERS" FIT

(By American Press)
Columbus, March 10.—Ohio's preparedness became the topic of general conversation at the adjutant general's office when the news of the Mexican situation developed, and it was stated officially that if the call came in daylight hours the entire guard could be mobilized at Columbus in fifteen hours. That would mean more than 7,000 men, in heavy marching order, with full equipment.

In Receiver's Hands.

Findlay, O., March 10.—The Toledo-Findlay Tire and Rubber company, a \$300,000 concern, went into the hands of a receiver. The petition asking for a receiver was filed by Henry Hard, V. T. Spitzer, A. O. Hamilton and Charles Reick, directors. The company was known formerly as the Toledo Ford Tire company.

Big Plant Closed by Strike.

Alliance, O., March 10.—Their wage demand of a 25 per cent raise being refused, forty-one decorating girls, known as gold liners, went on strike in the Frencia China company pottery at Sebring. The girls are getting 4 cents for their work and ask 5. They declined 4 1/2 cents. The company shut down the plant and 3,500 hands are idle.

Kidding the Police.

Toledo, March 10.—The receipt of a second message from Chef Jean Crones, alleged "soup poisoner" at a banquet to Archbishop Mundelein in Chicago recently, was announced by Chief of Police Herbert. "Tell the cops of Toledo they are too slow to catch me," it read, and was found by the landlady of a downtown lodging house.

MARCH CROP REPORT FULL OF INTEREST

By Associated Press Dispatch.

Washington, March 10.—Owing to the heavy export of wheat and corn since the last harvest season, much interest centers in the Department of Agriculture monthly report announcing the amount of wheat of last year's record crop remaining on farms March 1. The department's crop reporting board, from reports of its correspondents and agents throughout the country, estimates the amount of wheat, corn and barley on farms with comparisons of preceding years the proportion of each crop which will be shipped out of the counties where grown, and the percentage of the 1915 crop which was of merchantable quality, as follows:

Wheat: About 242,717,000 bushels, or 23.9 per cent of the 1915 crop remained on farms March 1, 1916, compared with 152,902,000 bushels or 17.2 per cent of the 1914 crop on farms March 1, 1915, 151,795,000 bushels, or 19.9 per cent of the 1913 crop remaining in 1914, and 156,483,000 bushels, or 21.4 per cent of the 1912 crop remaining in 1913.

About 61.7 per cent of the 1915 crop will be shipped out of the counties where grown, against 60.7 per cent of the 1914 crop so shipped, and 53.9 per cent of the 1913 crop so shipped, and 61.6 per cent of the 1912 crop so shipped.

Corn: About 1,128,773,000 bushels or 37.3 per cent 1915 crop remained on farms March 1 1916, compared with 910,894,000 bushels, or 34.1 per cent of the 1914 crop on farms March 1 1915, 866,352,000 bushels, or 35.4 per cent of the 1913 crop in 1914, and 1,289,655,000 bushels, or 41.3 per cent, of the 1912 in 1913.

About 18.6 per cent of the 1915 crop will be shipped out of the counties where grown, against 18.6 per cent of the 1914 crop so shipped, 17.2 per cent of the 1913 crop so shipped and 21.8 per cent of the 1912 crop so shipped.

Oats: About 596,600,000 bushels or 38.7 per cent of the 1915 crop remained on farms March 1, 1916, compared with 379,369,000 bushels, or 35.2 per cent of the 1914 crop on farms March 1, 1915.

About 30 per cent of the 1915 crop will be shipped out of the counties where grown, against 29.4 per cent of the 1914 crop so shipped, 26.5 per cent of the 1913 crop so shipped, and 30.9 per cent of the 1912 crop so shipped.

Barley: About 60,511,000 bushels, or 25.5 per cent of the 1915 crop remained on farms March 1, 1916, compared with 42,889,000 bushels or 22.0 per cent of the 1914 crop on farms March 1, 1915.

About 43.1 per cent of the 1915 crop will be shipped out of the counties where grown against 45.1 per cent of the 1914 crop so shipped, 48.4 per cent of the 1913 crop so shipped and 53.7 per cent of the 1912 crop so shipped.

The next grain report of the Bureau of Crop Estimates will be issued Friday, April 7 at 2:15 P. M. Eastern Time.

SEVERE BOMBARDMENT OF FRENCH POSITIONS BY GERMAN ARTILLERY

Indicates That the Lull in Infantry Assaults Is Only Temporary.

Military Commentators Do Not Attempt to Predict Where the Next Heavy Assault Will Be Made.

(Associated Press Cable)

London, March 10. — A momentary halt in the desperate fighting about Verdun is reported today from Paris.

The Germans have not again attacked on either bank of the Meuse, it is announced, but violent bombardment of the defenses continues, indicating that the respite probably is to be brief.

Where the next heavy blow by the Germans will fall, military commentators do not attempt to predict.

An official statement from Paris today emphatically contradicts the German claim to the capture of the fort and village of Vaux.

The fort was not even attacked, the War Office asserts; and while

German infantry did succeed in entering Vaux, they were subsequently driven out.

Also, Paris declares, the greater part of Corbeaux wood where desperate fighting had been taking place, remains for the greater part in French hands, despite German intimations to the contrary.

There are signs of renewed activity on the eastern front as spring approaches. The most important move seems to have been a German effort to cross the Oiva River.

The considerable force engaged in this effort was dispersed by the Russian fire, Petrograd claims.

The British Admiralty admits the loss of the torpedo boat destroyer Coquette and torpedo boat No. 11, with forty-five casualties.

Sinking of the French Line steamer Louisiane, presumably by a submarine operating off the French coast, is announced from Paris. No lives were lost.

FRENCH VESSEL

(Associated Press Cable)

London, March 10. — The French vessel Ville Du Havre has been sunk with the loss of two of the crew. Twenty-six of the crew were saved.

"FIGHTING FRED" READY FOR FRAY

By Associated Press Dispatch.

San Antonio, Texas, March 10. — Major General Funston will personally command the expedition which will invade Mexico and capture Villa, unless the War Department orders otherwise.

General Funston is at Fort Sam Houston, awaiting instructions; but press dispatches of the President's action did not surprise him, because he had strongly urged such action.

A preliminary concentration of border troops already is under way.

The army's plans are being rapidly made, and equipment and supplies are already here.

200 MEXICANS KILLED BY TROOPS

By Associated Press Dispatch.

Columbus, New Mexico, March 10. — Approximately two hundred Mexicans were killed in the battle with United States soldiers here yesterday, in which sixteen Americans, civilians and soldiers lost their lives.

Early today 75 Mexican dead found on the American side were either burned or buried.

Army patrols and armed civilians today maintained a close watch for the reappearance of bandits along the border.
